

27th January 2011

Dear Parents

A big thank you to everyone who has supported our drive with years 3 and 4 to enable their children to become more self reliant. Keep up the good work!

The school continues to have a problem with a significant minority of parents bringing their children late to school. This is impacting not only on their own children but all of our children as that first lesson of the day when important learning is taking place is constantly being interrupted by the arrival of children coming in late. As a community this must be our number one priority.

If you do have a problem with getting your child to school regularly and by 9.00 a.m. then pop in to see me and talk to me about it.

MARTIN DEWIS – For the past two years Martin has provided school with his energy, drive and vision for gardening. Along with the children he has transformed the outside environment at Grange Primary School and enthused hundreds of children to go away and grow their own. For this we all owe him a huge debt of thanks. Owing to work commitments Martin is no longer able to offer to our children the same commitment but I wish to take this opportunity to thank him for making a difference in the children's lives.

In July 2011 we will have our school grounds opened to the public as part of the National Garden Scheme. The implication is that we need some of you to come and help us now. If anyone has any time they can offer for gardening or some expertise in this field please pop in and see me because only with your help can we be as successful as we want to be.

“DOWN THE RABBIT HOLE” on Friday 11th February at 4.00p.m. the Toy Shop “Down the Rabbit Hole”, which is near Wimpeys, is having a grand opening. Officially opening the shop is Des Coleman, the “Weather Man”. The shop is offering 10% off all day but dress up as an Alice in Wonderland character and you get 20% off. It would be a great idea to race down to the shop after school on Friday!

Many thanks

M Hannon
Headteacher
